Current 5<sup>th</sup> grade students who attended LatinSummer in 2011 have the option of participating in this program.

### Why teach Latin in the elementary school?

When students learn Latin, they learn about far more than a language and a culture. They learn to appreciate humanity.

The classical world can be found in our:

- literature, art, and architecture
- values and political ideals
- sense of history

Latin also helps students develop:

- a stronger English vocabulary
- connections with other subjects
- skills of logic and reason
- an ability to think critically
- openness and creativity
- enthusiasm for learning
