The **objectives** of the conference are: 1) to identify ways in which Latin and Classical Studies are useful to, and can be integrated seamlessly into the curriculum for, students in grades PreK-3; 2) to explore pedagogical approaches to teaching Latin and Classical Studies to students in grades PreK-3; 3) to provide curriculum materials and ideas helpful in teaching Latin and Classical Studies to students in grades PreK-3; and 4) to network with those interested in the teaching of students in grades PreK-3.

Classical Studies, the study of the ancient Greco-Roman world, is enjoying a revival across the nation, though more progress can be made at the primary levels. This **FREE** workshop is **for teachers at all levels across the nation**. The program runs from 9:00 am - 2:00 pm each day. **Complimentary continental breakfast and lite-fare lunch** served.
